## Passionate. Innovative. Inspiring.

Masik manages and sells the exclusive collection of original Pamela Masik paintings to private and corporate collectors worldwide. While Pamela specializes in larger-scale paintings, she creates more accessible pieces that are available on her website. The company also books and produces exclusive performances by the artist. The Masik Foundation recently launched an e-commerce site for collectors to support community-based programs with a focus on a Social Arts Initiative to empower others in less fortunate circumstances.

### What are the most popular or best selling products or services?

My larger paintings are becoming well-collected and I often have a waiting list. I find the more authentic the work is, I mean being true to my artistic expression, the more successful I am. On my website, I recently launched a collection that is more accessible to young collectors who would like to acquire fine art while helping others within their community.

### How do you spend your free time?

Breathing in the ocean air, observing the changing seasons, watching a ball game with my son, exploring the world, giving back to the community, laughing a lot and embracing life.

### What was the inspiration behind starting your business?

My son inspired me to be who I am and live a life of purpose, not just for myself but for him. He is truly the one who inspires me every day.
